ACCOUNT, FEED AND THE PARANORMAL PLATFORM

$0
no card, no trial clock

Everything a night out needs.

Record offline
Sessions stay on your phone until you choose to upload – basement, cellar or field.

Replay it together
Readings, photos and audio line up on one timeline, on the phone and the web.

Name the room
Every capture carries the room you were in, not just a dot on a map.

Join a group
Find investigation groups by where you live, and ask to join in a tap.

Book the night
Ask for a room, pick your seats, and keep your pass for the door.

Yours, privately
Location is stripped from what's shown. You decide what goes public.

"The best evidence is the kind you can replay — the reading, the sound and the moment, together."
