Group owner and
administrator

SCREENS

16

CAPTURED

10/05/2026

Every screenshot shows **simulated, seeded data**, captured in dark mode while signed in as this user type. Nothing here is a real person, case or investigation. Where a page shows a refusal, that is the designed behavior for this seat.

The owner is the paying customer, and the seat where the business model becomes visible. They manage members and their roles, accept or decline investigation requests, run cases and investigations, hold the equipment inventory, and carry the subscription.

A caution for developers. An administrator passes every permission check by role, so *every surface looks perfect from this seat*. It is the worst possible place to verify a change to permissions and the easiest place to be fooled. Check the member and viewer documents for what the same page looks like without those grants.

How this site decides what you may see

Two things gate every surface, and they are different questions:

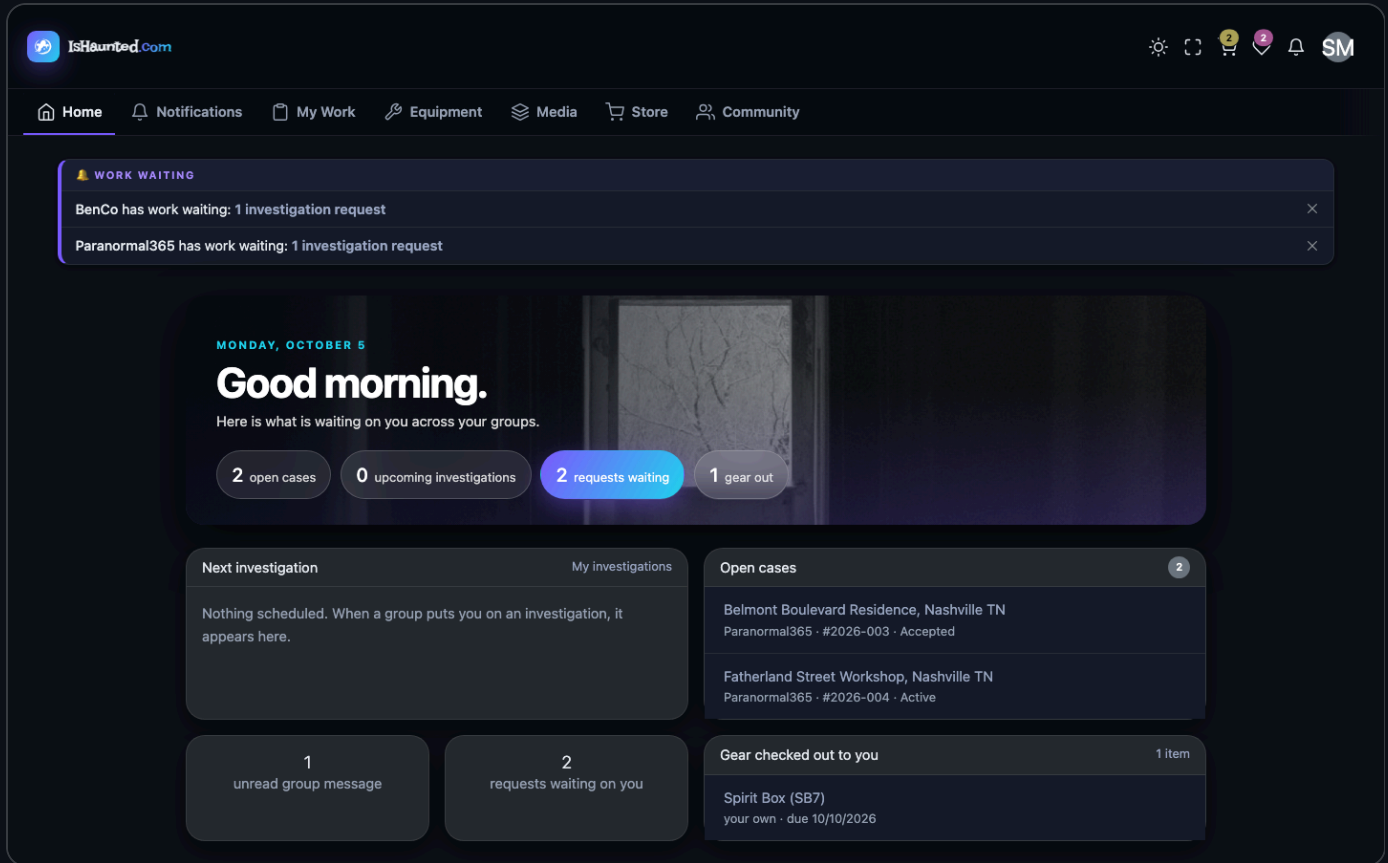

Your seat in a group — owner, administrator, member, viewer — answers "may this person do this?". **The group's plan** answers "does this group pay for this at all?". A member of a group whose plan excludes an area is refused for a completely different reason than a viewer who is not allowed to write, and the site says which.

A refusal is never rendered as "nothing here." An empty list and a server saying no are different facts, and a page that shows the same gray nothing for both teaches people to distrust it. Every list goes through `LoadResult`, which carries loading, empty, refused, session-ended and rate-limited as distinct states — and every one of them has its own words on screen.

This matters when reading this document: where a screenshot shows a refusal, that *is* the designed behavior for this seat, not a broken page.

Profile

Tours. Tours, for a business that runs walks — the product the tour plan is priced on, and the door to each tour's guides, guest email and gallery.

Tours

Event at a glance. A hosted event's numbers: people coming, parties waiting, places left night by night, arrivals and reviews.

Event at a glance

Confirming a booking. Confirming a party into the rooms the organizer chooses, with a line the guest reads. The pass goes with the confirmation.

The screenshot displays the IsHaunted.com web application. On the left is a sidebar with navigation links: Home, Your Organizations (with a sub-list including 'Paranormal365'), Notifications, Organizations, My Work, Equipment, and Media. The main content area is titled 'Events · Thomas House Séance Weekend' and 'Bookings ?'. A modal window for 'Daniel Park' is open, showing details for a booking request. The modal includes a status 'Asked', guest information, a question about room preferences, a section for where they are staying (Friday and Saturday, both in 'The Blue Room'), and a line for the guest. At the bottom of the modal are buttons for 'Not now', 'Turn down', and 'Confirm their places'. In the background, a table lists bookings for 'Everybody (4)' with columns for dates and room assignments. Buttons for 'Download as a spreadsheet' and 'What the kitchen needs' are also visible.

Parking for Friday night

Letter

The hotel car park is closed on Friday for resurfacing.
Park behind the Methodist church on Main Street — it's a two-minute walk, and we'll have a lantern at the corner.

This reaches 1 party — 2 people in all. It goes by email, and into their messages on this site. Replies come to your group's email address.

The Thomas House Hotel

Confirmed as the venue 09/13/2026

The building's story

Built in 1890 as the Cloyd Hotel for visitors taking the mineral waters, the house has been a hotel ever since. Guests have reported footsteps on the second floor landing and a little girl on the stairs since at least the 1970s.

Shown on your venue page, and on events you let tell it.

House rules

No open flames upstairs.
Quiet on the second floor after midnight.
Park behind the building, not on Main Street.

Most who may stay overnight
