CAPTURED

10/05/2026

Every screenshot shows **simulated, seeded data**, captured in dark mode while signed in as this user type. Nothing here is a real person, case or investigation. Where a page shows a refusal, that is the designed behavior for this seat.

The owner is the paying customer, and the seat where the business model becomes visible. They manage members and their roles, accept or decline investigation requests, run cases and investigations, hold the equipment inventory, and carry the subscription.

A caution for developers. An administrator passes every permission check by role, so *every surface looks perfect from this seat*. It is the worst possible place to verify a change to permissions and the easiest place to be fooled. Check the member and viewer documents for what the same page looks like without those grants.

How this site decides what you may see

Two things gate every surface, and they are different questions:

Your seat in a group — owner, administrator, member, viewer — answers "may this person do this?". **The group's plan** answers "does this group pay for this at all?". A member of a group whose plan excludes an area is refused for a completely different reason than a viewer who is not allowed to write, and the site says which.

A refusal is never rendered as "nothing here." An empty list and a server saying no are different facts, and a page that shows the same gray nothing for both teaches people to distrust it. Every list goes through `LoadResult`, which carries loading, empty, refused, session-ended and rate-limited as distinct states — and every one of them has its own words on screen.

This matters when reading this document: where a screenshot shows a refusal, that *is* the designed behavior for this seat, not a broken page.

The screenshot displays the IsHaunted.com web application. On the left is a sidebar with navigation links: Home, Your Organizations (expanded to show Paranormal365 and several Printers Alley Walks), Notifications (5), Organizations (2), My Work, Equipment (1), and Media. The main content area is titled 'Events · Thomas House Séance Weekend' and 'Bookings ?'. A modal window for 'Daniel Park' is open, showing a booking request for 2 people. The request text is: "Our first ghost hunt — could we have a room on the haunted floor?". Below this, it asks 'Where they are actually staying' and provides a line for the guest: 'The Blue Room is on the second floor, where the footsteps are. Doors at seven.' The modal includes buttons for 'Not now', 'Turn down', and 'Confirm their places'. In the background, a table lists bookings for 'Everybody (4)' on 'Fri 10/16' and 'Sat 10/17', both in 'The Blue Room'. The table has buttons for 'Download as a spreadsheet', 'What the kitchen needs', and 'Open'.

The building's story

Built in 1890 as the Cloyd Hotel for visitors taking the mineral waters, the house has been a hotel ever since. Guests have reported footsteps on the second floor landing and a little girl on the stairs since at least the 1970s.

Shown on your venue page, and on events you let tell it.
